Have you moved

who were at UWSP and they always had nice things to say about it. I also play football here; so far I really like it. The best thing about being on the team is the relationships you get to build with people. They say you meet your best friends in college and it was a really good way for me to meet people here on campus. Of course the games are really fun, too. We won our first game at St. Norbert College, 34-14! As of now, I don't have a set major. I'm thinking about health promotion/wellness because that's a good way to get into coaching; which is my ultimate goal. Even though I haven't been on campus a long time, I feel like I found my fit here."
